Ms. Saira Zaidi

IETC Head CDSS, Karachi

Since inception CDSS's sphere of activities, have systematically enhanced, manifold. We are assisting the community, surrounding the Centre, nearly in every area for community empowerment. Due to this, the centre enjoys the "hard-won" trust of the community. Which, on one hand, is enabling us to actualize Agha Sahib's dream and, on the other hand, it is paving the way for running future operations, effectively to achieve greater results.

One point target of CDSS is to "enhance the standards of living of the communities settled in the vicinity of CDSS".

Accordingly, all these projects have one aim and that is to prepare [as far as Education, Health and Empowerment is concerned] the community women, to achieve that "greater goal".

To complete that cycle CDSS, through IETC, came up with the ace project that is "Micro Finance Facility" to start small scale businesses thus to provide the community the jumping pad to transform their lives. So far from the platform of IETC – SWD, loans to the tune of Rs1 million have been disbursed to 45 families, due to this initiative 80% of these families were able to have, per month supplementary income ranging from Rs.10,000 to Rs30,000/.
